

Lisa A. Lombard, MD, FAAPMR
Member, AAPM&R Nominating Committee

Tell members a little bit about yourself.

Your Practice

For the last eight years, I have been medical director of OhioHealth Rehabilitation Hospital as well as regional medical director for Central Ohio for my practice group US Physiatry. The majority of my clinical time is spent in inpatient rehabilitation and consults.

Your Life Outside of Work

Most of my time in the evenings and weekends is spent in training and competing with my three spaniels in a variety of dog sports, mostly agility, scent work, rally obedience and barn hunt. I've been able to participate in national competitions as well with them.

What accomplishments/honors are you particularly proud of that you would like to share with members?

In 2016, I was honored to receive the Outstanding Council Service Award for the CNS Council. I was very honored to be recognized by my peers.

What interests you about serving on the Academy's Nominating Committee?

I hope to help the Academy in finding qualified diverse leaders to help our field grow.

What volunteer work or engagement with the Academy is in your portfolio?

- Editor, PM&R Knowledge NOW
- Vice Chair of Communications, CNS Council
- Member, Evidence Committee
- Concussion Committee Member
- Vice-chair, Brain Injury Special Interest Group
