## PROVIDER CAREER OPPORTUNITIES

Join a **Leading Healthcare System** in South Florida

Memorial Healthcare System is expanding and seeking several BE/BC physiatrists to fill the following positions:

- Physiatry - General
- Physiatry - Interventional Pain/Spine

These are full-time employed positions within the multi-specialty Memorial Physician Group. The positions offer competitive benefits and compensation packages that are commensurate with training and experience. Professional malpractice and medical liability are covered under sovereign immunity.

### About Memorial Rehabilitation Institute

The Memorial Rehabilitation Institute, part of Memorial Healthcare System, includes a beautiful, 89-bed acute inpatient rehabilitation unit which averages more than 2,300 admissions per year. The Institute at Memorial Regional Hospital South has been named among *US News and World Report* 2023 -2024 Best Hospitals for Rehabilitation ranking #24 nationally, and #2 in Florida. The inpatient program is situated within an acute hospital, allowing our patients access to critical care services and emergency treatment should the need arise. The multidisciplinary team approach is progressive, using some of the latest in advanced technologies within a modern yet homelike environment. Our rehabilitation unit, recognized as a premier provider of rehabilitative care, addresses the physical, cognitive, emotional, social and psychological needs of our patients to help maximize their efforts to regain independence. The Memorial Rehabilitation Institute also offers three outpatient centers throughout the county to accommodate the community.

### About Memorial Healthcare System

A national leader in quality care and patient satisfaction, Memorial Healthcare System is one of the largest public healthcare systems in the United States. Memorial's work environment has been rated by employees and physicians alike as an open-door, inclusive culture that is committed to safety, transparency and, above all, outstanding service to patients and families. Memorial is in South Florida, an area which offers high quality of life including year-round summer weather, exciting multiculturalism and no state income tax. For more information on the Memorial Healthcare System, visit [mhs.net](http://mhs.net).

## Interventional Pain & Spine Care

### Dr. Lewis Frazier

*Stanford University Residency Alumni  
Master Instructor Faculty ISIS Providing Course  
Instruction for Over 20 Years*

We are actively recruiting a Board Certified associate who is interested in purchasing the practice within 2-3 years. Dr. Frazier will be decreasing his involvement in the day to day patient care responsibilities to the degree the associate can assume all responsibilities comfortably. We are currently performing Regenerative Medicine, Spinal Cord Stimulators, Epidural Steroid Injections, RFAs, Discograms and extremity injections. All equipment will be sold with the practice.

If interested, please contact Jarrod Rogers at 214-577-9191 or [JRogers@tarponpa.com](mailto:JRogers@tarponpa.com).

Better Practice. Better Outcomes.

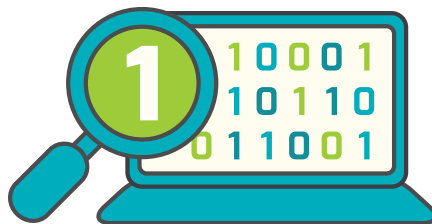

## Data to Demonstrate Your Value and Improve Your Care

AAPM&R's Registry is owned by YOU. It's a single repository of data which will harness the combined power in numbers of the entire specialty. This mass of data will aid the specialty by guiding efforts to reduce burnout and defend scope of practice.

Not only does AAPM&R's Registry provide data to demonstrate YOUR value, it provides data to improve your care by tracking YOUR success on a national scale and studying the most effective treatments for your patients. As more data is collected, the specialty will become stronger, together!

Visit the Learning Center for Registry demonstrations taking place throughout the Annual Assembly.
