ANNUAL ASSEMBLY
NOVEMBER 8-15, 2020

JOB AND FELLOWSHIP FAIR SHOW GUIDE

**Friday, November 13, 2020
6 pm–9 pm**

Welcome to the AAPM&R Job and Fellowship Fair—the largest PM&R-specific online career fair in the country.

Looking for your dream job?

Interested in what opportunities might be available?

Join us for this exciting virtual event!

While the virtual environment is different from a live event, the basics are the same. This is your chance to interact with representatives from more than 45 institutions and practices across the country. Virtual exhibit booths may feature videos, downloadable .pdfs, public messages, a chat feature, one-on-one Zoom rooms and more.

Make a lasting impression on a potential future employer. Connect with other job seekers, and share advice and stories about what makes PM&R such a unique specialty.

Good luck in your career pursuits!

AAPM&R does not endorse or promote specific exhibitors at the Job and Fellowship Fair.

For the most up-to-date listings, view the Job and Fellowship Fair floor plan and list of employers at www.aapmr.org/jobfair.

Take Advantage of the AAPM&R Job and Fellowship Board

Simplify your job search with AAPM&R's Job and Fellowship Board—jobboard.aapmr.org—the premier electronic recruitment and job search resource exclusively for psychiatrists in all stages of their careers.

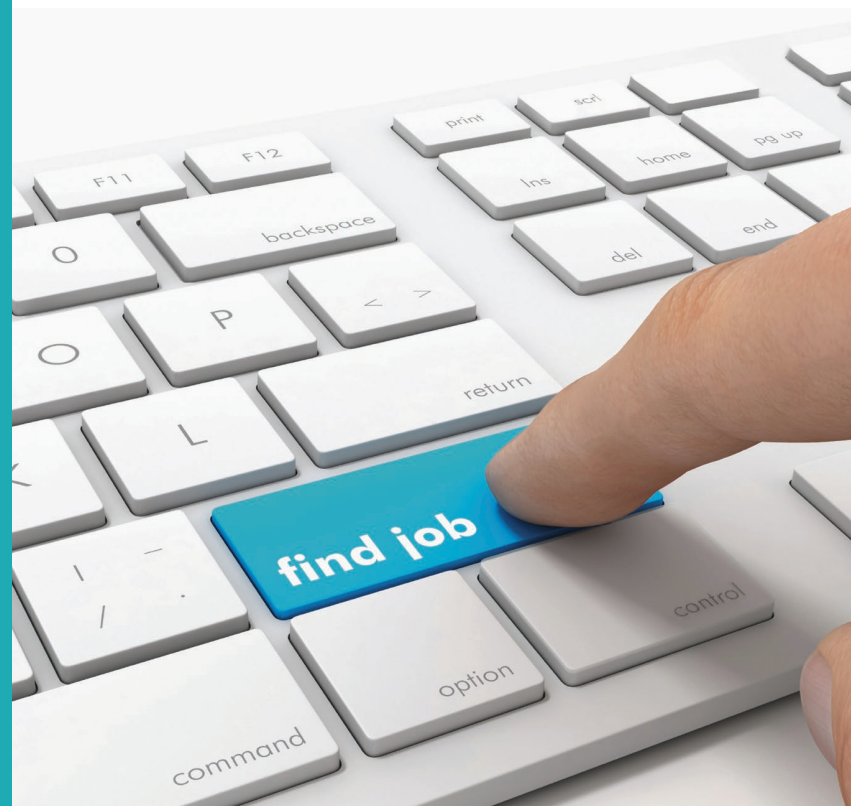

Looking for a new job?

Sign in, post your CV, and view positions across the U.S.

Looking to hire a psychiatrist?

Post your open position, browse the resume database, and search for your ideal candidate(s).

Your Academy is a proud member of the National Healthcare Career Network (NHCN)—an alliance of more than 300 professional associations and societies serving job seekers looking for careers in the health care industry.

WHEN IT COMES TO DELIVERING
HIGH-QUALITY INPATIENT REHABILITATION,
WE'RE STRONGER TOGETHER.

JFK JOHNSON REHABILITATION INSTITUTE

PM&R POSITIONS AVAILABLE

■ Brain Injury Attending

Seeking an American Board of Medical Specialties (ABMS) Brain Injury Medicine-certified physician. Responsibilities include a full time position on an inpatient Traumatic Brain Injury unit in addition to an Outpatient follow-up clinic and spasticity clinic. Responsibilities also include teaching of residents and fellows.

■ Rehabilitation Medical Director

Position for a satellite Inpatient unit (approximately 25 beds). Other responsibilities include outpatient clinic and consults work.

FELLOWSHIP POSITIONS AVAILABLE

■ Brain Injury Medicine Fellowship Position

This ACGME-accredited one year Brain Injury Medicine fellowship will provide the selected candidate with exposure to the continuum of care for patients with a spectrum of severity of impairments from brain injury. The experiences and challenges of this one-year fellowship will prepare the candidate to medically manage the brain injury patient population on the inpatient and outpatient basis, and ultimately direct and manage a brain injury program. It will also prepare the fellow to take the Brain Injury Medicine Certification Exam and become board certified in Brain Injury Medicine.

■ Pain Medicine Fellowship Position

This ACGME-accredited one year Pain Medicine fellowship will provide the selected candidate exposure to a multidisciplinary pain program. The candidate will be prepared to practice all aspects of pain medicine and ultimately manage a comprehensive pain program. It will also prepare the fellow to take the Pain Certification Exam and become board certified in Pain Management.

JOB OPPORTUNITIES

Cancer Rehabilitation Physiatrist

We seek a physiatrist to lead the expansion of our cancer rehabilitation program at UW Medical Center – Montlake and the Seattle Cancer Care Alliance, providing clinical care to a diverse mix of oncology patients primarily in the outpatient setting. The successful candidate should have experience in cancer rehabilitation, and the ideal candidate will have completed a cancer rehabilitation fellowship.

Musculoskeletal Physiatrists with Expertise in Sports, Spine and General MSK Medicine

We are looking for a musculoskeletal physiatrist to expand a spine-focused outpatient practice embedded within our academic department. Although the focus of the practice will be spine care, the successful candidate will also be comfortable managing a wide range of musculoskeletal conditions within the areas of sports and spine medicine. Experience with procedures including musculoskeletal ultrasound, spinal injections, and/or electrodiagnostics preferred but not required. Candidates must have strong clinical skills and a commitment to excellence in teaching.

HARVARD MEDICAL SCHOOL
TEACHING HOSPITAL

**Harvard Medical School Department of Physical Medicine and Rehabilitation
at
Spaulding Rehabilitation Network**

The Harvard Medical School Department of Physical Medicine and Rehabilitation is seeking Board Eligible/Certified Physiatrists for inpatient and outpatient positions. Candidates must have excellent clinical and academic credentials, a commitment to teaching and a strong interest in developing an academic career in Physiatry. Responsibilities may include program and practice development, medical leadership and direction for administration and teaching and research. Successful candidates will receive an academic appointment of instructor, assistant or associate professor as appropriate at the Harvard Medical School Department of PM&R.

Inpatient/Outpatient

Practice opportunities exist for physicians experienced in general PM&R, stroke, general musculoskeletal medicine, neuro-trauma, neurorehabilitation, sports medicine, Lyme disease and/or interventional spine procedures.

Pediatric Rehabilitation

Board Certified Pediatric Physiatrist will provide outpatient and inpatient rehabilitation care for pediatric patients at Spaulding Rehabilitation Network and other Harvard teaching hospitals in the Boston area. The physician will collaborate with a team of experienced pediatric physiatrists, pediatricians and healthcare professionals from other disciplines.

Research

Scientists with interests in Neuro-Trauma (especially SCI), Stroke, Pediatric PM&R, Musculoskeletal, and Spine Care/Pain Management research that are clinical and/or laboratory focused. The successful candidate will have outstanding departmental support, strong research infrastructure, excellent departmental colleagues, and potential for collaborative opportunities within the department and with other investigators at Harvard Medical School. MDs/DOs and/or PhDs are eligible. Individuals are eligible for Assistant or Associate Professor at Harvard Medical School.

All positions are based at Spaulding Rehabilitation Network and/or Massachusetts General Hospital, other Mass General Brigham member hospitals and outside hospitals.

Send CV to Amine Dahab (adahab@mgh.harvard.edu) or fax to 617.952.5934.

There are 9 health care providers, specializing in Physical Medicine and Rehabilitation, Nurse Practitioner, Internal Medicine, being reported as members of the medical group. Medical taxonomies which are covered by Advanced Rehabilitation Care LLC include Registered Nurse, Internal Medicine, Physical Medicine & Rehabilitation, Family, Rehabilitation Practitioner.

BENEFIS HEALTH SYSTEM

Benefis understands that in a rural state like Montana, state-of-the-art care delivered with kindness and compassion is especially important. We serve a vast region of Montana, with our service area extending across 38,000 square miles and our community-based outreach services present in 94 percent of Montana's counties.

Benefis was founded in 1996 when two hospitals combined to form a not-for-profit health system with the goal of providing excellent care to all in need. Today, our system includes 220 inpatient hospital beds in Great Falls; numerous outpatient clinics; more than 275 employed providers; more than 200 long-term care and assisted living units; one of Montana's essential rural critical access hospitals; and many other services that improve the health of our community.

CHILDREN'S HOSPITAL OF PHILADELPHIA

At Children's Hospital of Philadelphia, we're always learning, growing and exploring in our effort to deliver the highest quality, compassionate, family-centered care.

JOB & FELLOWSHIP FAIR ADDENDUM

Cleveland Clinic Children's

CLEVELAND CLINIC CHILDREN'S

Cleveland Clinic Children's offers three facilities dedicated to the medical, surgical and rehabilitative care of infants, children and adolescents. Our Inpatient Hospital and Outpatient Center are both located at our main campus in Cleveland, OH. We also offer inpatient and outpatient care at many of our regional hospitals and family health centers throughout Northeast Ohio. Cleveland Clinic Children's Hospital for Rehabilitation offers inpatient care, day hospital care and a comprehensive range of inpatient and outpatient services and is located in the Shaker Heights neighborhood of Cleveland, OH.

GOOD SHEPHERD REHABILITATION

Founded in 1908 in Allentown, Pennsylvania, Good Shepherd Rehabilitation Network is a nationally recognized physical rehabilitation provider that offers an innovative continuum of care for adults and children with physical and cognitive needs. Good Shepherd's 2,100 Associates treat patients at more than 70 locations in Pennsylvania and New Jersey. Good Shepherd cares for adults and children with catastrophic injuries, as well as outpatient musculoskeletal and orthopedic rehabilitation services, home health, long-term acute care and long-term care. The Good Shepherd Physician Group is highly regarded for clinical excellence and its commitment to maximizing patients' functional outcomes, delivering compassionate care and being a national leader in the use of innovative rehabilitation technologies. Good Shepherd physicians are experts who specialize in various aspects of rehabilitation care. Good Shepherd is the world's leading clinical user of the Ekso Bionics® exoskeleton to treat patients with spinal cord injuries and was one of four facilities internationally designated by Ekso as a "Center for Robotic Excellence." Good Shepherd's long-term care facilities have consistently received 5-star ratings from US News and World Report. Good Shepherd is a not-for-profit health-care network with a strong commitment to building better communities through partnerships with organizations whose vision and values reflect its own. Good Shepherd partners with the University of Pennsylvania Health System (UPHS) to provide comprehensive rehabilitation and specialty services in the Greater Philadelphia area through Good Shepherd Penn Partners, a joint venture.

JOB & FELLOWSHIP FAIR ADDENDUM

INTEGRATIVE PHYSIATRY

We are in search of the next talented, outstanding, and dynamic Psychiatrists to join our nationwide team and be part of our Integrative Family! Are you a self-starter? Let's chat! Help improve the lives of each individual you meet while enjoying the autonomy of choosing when you want to work, and how often.

LEGACY CARE

Since 2006, Legacy Care, headquartered in Virginia Beach, Virginia has provided exceptional patient care in inpatient rehabilitation and post-acute care. With opportunities spanning across ten states from Florida to Pennsylvania, our medical provider group is growing and looking for Psychiatrists who have a passion for patient care. We offer significant flexibility of schedule, autonomy of practice, and a lucrative income to enable our physicians to demonstrate their expertise, while enjoying a true balance in work and lifestyle.

MCFARLAND CLINIC

Today McFarland Clinic is Iowa's largest physician-owned multi-specialty clinic. The McFarland Clinic network of healthcare providers serves residents in 12 Iowa communities with additional communities served by physician outreach clinics. More than one million patient visits are made at McFarland Clinic annually, offered by more than 280 providers and 1,000 staff members.

MEDICAL COLLEGE OF WISCONSIN

The Medical College of Wisconsin Department of Physical Medicine and Rehabilitation is proud to announce four new faculty openings for full-time board-certified/board-eligible psychiatrists with a desire to further their academic careers and advance the science and education in the field of physical medicine and rehabilitation!

Our department enjoys a large integrated program with 30 faculty and three major teaching hospitals; Froedtert Hospital, Children's Wisconsin and Zablocki Veterans Administration Hospital.

JOB & FELLOWSHIP FAIR ADDENDUM

PERMANENTE MEDICINE®

MID-ATLANTIC PERMANENTE MEDICAL GROUP

In partnership with the Kaiser Foundation Health Plans and Kaiser Foundation Hospitals, the Permanente Medical Groups and our Permanente physicians innovate, educate, listen, and collaborate to lead the way in transforming health care in America. Our patients benefit from Permanente Medicine – person-centered, high-quality care that embraces the latest innovations in medicine and is supported by an integrated care delivery model. Together, we are Kaiser Permanente.

MOUNTAIN MED GROUP

- Mountain Medical Group is nationally recognized for our expertise in recruitment and compensation.
- MMG professionals are among the industry's top physician recruitment specialists.
- MMG has established long term relationships with many academicians with the nation's top tier programs.

NATIONAL SPINE & PAIN CENTERS

National Spine and Pain Centers is the nation's leading provider of administrative support services to pain management practices, assembling a network of experts in pain management. For more than 30 years, NSPC affiliated providers have been pioneers in the relief of chronic and acute pain through minimally invasive procedures and leading edge clinical research. Today, with more than 118 locations and 300 affiliated providers facilitating nearly a million patient visits a year, NSPC's network continues to be the name more people trust for access to pain relief providers than any other. NSPC's stated mission is to end needless human pain and suffering by facilitating world-class care.

JOB & FELLOWSHIP FAIR ADDENDUM

NEUROSURGERY ONE

Neurosurgery One (formerly South Denver Neurosurgery) has created a neurosurgical center of excellence providing state-of-the-art diagnostic and treatment programs for a wide range of brain and spinal disorders. We are committed to partnering with our patients to educate them and help them make the best treatment choice for their lives. Our physicians are some of the most experienced in Colorado and the region, offering the latest, most up-to-date procedures and treatment options to patients. We offer comprehensive neurosurgery services, including spine surgery for lumbar (low back), thoracic (mid-back) and cervical spine pain, deep brain stimulation for Parkinson's disease and other motion disorders, endovascular neurosurgery for aneurysms, vagus nerve stimulation for epilepsy, surgery for brain tumors as well as surgery to treat trigeminal neuralgia (facial pain).

OCHSNER

Ochsner Health has been providing high-quality clinical and hospital patient care to Louisiana residents since 1942. Our healthcare family—today, comprising more than 26,000 employees and over 4,500 employed and affiliated physicians in over 90 medical specialties and subspecialties—is driven by our commitment to our mission to Serve, Heal, Lead, Educate and Innovate, and that passion is shared with every person who passes through our doors.

PREMIER MEDICAL REHAB GROUP

Premier Medical Rehab Group is a Psychiatrist owned company, built from the ground up, by two doctors who wanted to assist Psychiatrists in attaining their career goals by offering them opportunities for professional and financial success. The co-owners used their professional experience to execute a Path to Partnership business model focused on partnership, growth and flexibility. They built their business to incorporate features like annual raises, competitive take home percentages, personalized opportunities and unmatched support, all geared for the success and growth of the provider. Premier Medical Rehab Group has partnered with Psychiatrists all across the country, aiding them in providing excellent rehab care to patients in the acute, post acute and long term acute care settings. We look forward to being involved in the continued success and growth of our providers and we extend that opportunity to new providers who are interested in partnering with us. Professional success is only a partnership away!

JOB & FELLOWSHIP FAIR ADDENDUM
