

BE PART OF THE LARGEST GATHERING OF PM&R PHYSICIANS

As an AAPM&R member, you are part of a network of PM&R physicians from across the globe, working together to advance the specialty. AAPM&R offers a variety of benefits to help you meet new challenges and build a successful career. **One of our most valuable is the Annual Assembly, where the PM&R community comes together to connect, learn and grow.**

Only at the AAPM&R Annual Assembly can you join 3,000+ of your peers to reconnect, refresh and rediscover everything that makes physiatry unique. Take four days out of the year and enjoy the top-notch education, valuable networking opportunities, exhibits and cutting-edge research that you've come to expect from physiatry's #1 meeting.
