

Help Lead the Way to PM&R's Successful Future in 2022

AAPM&R is your community of 10,000+ physiatrists who are helping advance the specialty forward. It's the place for residents, young physiatrists starting their careers, mid-career and experienced physiatrists—leaders and future leaders. You and your peers are leading the specialty to a successful future. We're right along with you. We are here for you throughout your physiatry journey, from medical school to retirement. Our community is making a difference in PM&R's future and giving back to the specialty.

Continue these efforts by renewing your 2022 AAPM&R membership.

When you renew each year, you are continuously supporting the Academy's creation of new, innovative resources, all designed to help you in practice. Some of these resources include:

- ✔ COVID-19 Resources
- ✔ Online Learning Portal
- ✔ Cutting-Edge Educational Courses and Events
- ✔ Member Communities
- ✔ PhyszForum
- ✔ Annual Assembly
- ✔ Opportunities to Make Your Voice Heard Through Our Advocacy Efforts
- ✔ *PM&R* Journal
- ✔ PM&R Knowledge NOW®
- ✔ Career Center

We need your support, engagement and leadership for a successful future.

Learn more about your membership benefits and renew by December 31, 2021 at aapmr.org/renew or call us at (847) 737-6000.
