# About the 2024 AAPM&R Technology Summit

AAPM&R is hosting a Technology Summit on **December 6, 2024 in Rosemont, IL**, bringing together like-minded experts from AAPM&R and industry to join forces in identifying digital solutions and consumer tools that break down psychiatry-facing issues and present opportunities for rehabilitation at home.

The summit discussion will result in recommendations for actions AAPM&R can take to solidify psychiatry's role in conversations about rehabilitation at home and to advance psychiatry's adoption of technological solutions for patient care.
