

2022 AAPM&R ANNUAL ASSEMBLY OVERVIEW

aapm&r

American Academy of
Physical Medicine and Rehabilitation

AAPM&R BACKGROUND INFORMATION

The American Academy of Physical Medicine and Rehabilitation (AAPM&R) is the national medical specialty organization representing more than 9,000 physicians who are specialists in physical medicine and rehabilitation (PM&R). PM&R physicians, also known as physiatrists, treat a wide variety of medical conditions affecting the brain, spinal cord, nerves, bones, joints, ligaments, muscles and tendons. PM&R physicians evaluate and treat injuries, illnesses and disability, and are experts in designing comprehensive, patient-centered treatment plans. Physiatrists utilize cutting-edge as well as time-tested treatments to maximize function and quality-of-life. Learn more at www.aapmr.org.

AAPM&R ANNUAL ASSEMBLY

Each year, AAPM&R brings the psychiatric community together at the Annual Assembly to advance the specialty. As the premier psychiatry-focused event, our members (and other attendees) connect, learn and expand their professional expertise. In 2022, we hosted a hybrid meeting—in-person in Baltimore, Maryland as well as virtually for those who couldn't travel. Whatever way attendees chose to participate, #AAPMR22 was *Leading the Way* and was a “must-attend” event for every psychiatrist.

Our first-ever hybrid event was jam-packed with the top-notch education, valuable networking opportunities and cutting-edge research that attendees have come to expect from the Academy. Assembly content is accessible to learners for one year, with the ability to earn more than 156 *AMA PRA Category 1 Credits™*.

The 2022 Annual Assembly kicked off the week of October 10 with 25+ virtual Community Sessions where participating communities provided education and networking opportunities specific to their community's area of interest. The theme was “*Leading the Way*,” which reinforced how AAPM&R is leading the way in a variety of arenas: (i.e., in educating the specialty, in psychiatric research, in advocating for psychiatry, in connecting the PM&R community—and so much more).

THE AAPM&R MEMBERSHIP DATA COLLECTION PROCESS

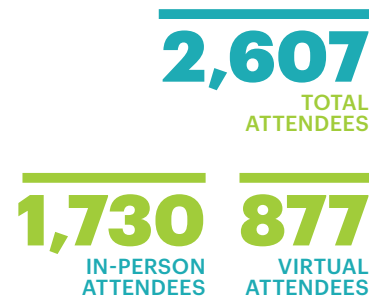

Attendee and demographic data are accurate as of November 1, 2022.

Attendee data excludes exhibit booth personnel and AAPM&R staff.

AAPM&R members are asked to voluntarily provide the demographic information to the Academy. The demographic information included in this report is available only for members and nonmembers who have provided this information (for example, nonmembers that were previously members) and only pertains to individuals who attended the 2022 AAPM&R Annual Assembly. Demographics provided are the most recent information on file for an individual, regardless of when it was last updated.

ROBUST ATTENDANCE

#AAPMR22 was a big success, bringing together thousands of physiatrists in-person in Baltimore and virtually via an easy-to-navigate virtual platform. Together, attendees united with their PM&R community to connect, learn and grow. Their energy, spirit and collaboration were unmatched as we advanced the specialty together.
