BALTIMORE, MD & VIRTUAL
OCTOBER 20-23, 2022

JOB AND FELLOWSHIP FAIR SHOW GUIDE

October 19, 2022

6:30-9 pm (ET)

Baltimore Convention Center

Exhibit Hall D, Level 100

Welcome to the AAPM&R Job and Fellowship Fair—the largest PM&R-specific career fair in the country.

Looking for your dream job?

Interested in what opportunities might be available?

Join us for this exciting in-person event!

This is your chance to interact with representatives from more than 90 institutions and practices across the country. Make a lasting impression on a potential future employer. Connect with other job seekers, and share advice and stories about what makes PM&R such a unique specialty.

Good luck in your career pursuits!

AAPM&R does not endorse or promote specific exhibitors at the Job and Fellowship Fair.

Take Advantage of the AAPM&R Job and Fellowship Board

Simplify your job search with AAPM&R's Job and Fellowship Board—jobboard.aapmr.org—the premier electronic recruitment and job search resource exclusively for physiatrists in all stages of their careers.

Let Employers Know You are Attending the In-person Job and Fellowship Fair

Visit the Job Board to see which Job and Fellowship Fair employers also have active posts. Let them know you're attending too by pressing the "Attend This Event" yellow button when you log in to the Job Board! Update your profile and add your CV today!

Search the Job and Fellowship Fair Open Positions on the Job and Fellowship Board!

Looking for open positions specific to the Job and Fellowship Fair? Select the "2022 Job & Fellowship Fair Jobs" link when you log in to the **Job Board** to view employers attending the event and the positions they are recruiting for!

Looking for a New Job?

Sign in, post your CV and view positions across the U.S.

Save-the-Date! 2023 Job Fair

Wednesday, November 15, 2023
New Orleans, LA

Experience the Maine Attraction.

Electromyographer/Spine Consultant/Outpatient Clinic

Maine Medical Partners Neurosurgery & Spine is seeking an Outpatient Physiatrist to join Maine's largest multispecialty medical group serving the healthcare needs of patients locally and throughout northern New England. The ideal candidate will be:

- A Physiatrist (MD or DO) with specialty training and proficiency in electrodiagnostics and management of a variety of spine conditions
- Team oriented and patient centered
- ABEM certification preferred, but not required
- Neuromuscular fellowship preferred, but not required
- Call coverage from home, roughly 1 week in 10
- Join 13 surgeons, 3 anesthesiologists, 10 physiatrists, and 2 physical therapists.

Maine Medical Partners Neurosurgery & Spine has a well-established reputation as the leading spine and neurosurgical practice in the state of Maine and recently moved to a beautiful new 100,000 ft² building. The Spine Center includes physiatry, neurosurgery, orthopedic spine surgery, and anesthesiology specialists- all working together in a collegial and supportive atmosphere. The Practice offers a multispecialty approach to the treatment of spine conditions and provides comprehensive evaluation and treatment of spine and musculoskeletal disorders. Care is frequently coordinated with our Pediatric and Adult Neurology colleagues located in the same building.

Maine Medical Center has 700 licensed beds, and is the state's leading tertiary care hospital and Level One Trauma Center, with a full complement of residencies and fellowships and is an integral part of Tufts University Medical School. The candidate hired would have an academic appointment at Tufts University School of Medicine and the position can involve teaching and mentoring residents and medical students from the Maine Medical Center-Tufts University School of Medicine Program.

Situated on the Maine coast, Portland offers the best of urban sophistication combined with small-town friendliness. The area provides four-season recreational opportunities, such as skiing, hiking, sailing, and miles of beautiful beaches. Just two hours north of Boston, this is an exceptionally diverse and vibrant community. Portland was voted #8 best place to live and #1 safest place to live by U.S. News & World Report for 2021-2022.

Maine Medical Partners is committed to creating an equitable, inclusive environment that is welcoming to diverse faculty.

To see full job description, please visit [MaineHealth Careers](https://www.mainehealth.org/careers). Interested candidates may submit a cover letter and CV to Linda Wiley, Physician Recruiter at linda.wiley@mainehealth.org

PHYSIATRY PHYSICIAN CAREER OPPORTUNITIES IN SOUTH FLORIDA

Memorial Healthcare System is growing and seeking BE/BC physiatrists to join the multi-specialty Memorial Physician Group, currently comprised of 300+ physicians, including a team of general and sub-specialized adult and pediatric physiatrists. Opportunities are available for the following specialties:

- General Physiatry
- Physiatry - Cancer Rehab
- Physiatry - Interventional Pain (Spine)
- Physiatry - Spinal Cord Injury
- Physiatry - Traumatic Brain Injury

These positions offer competitive benefits and compensation packages that are commensurate with training and experience. Professional malpractice and medical liability are covered under sovereign immunity.

About Memorial Rehabilitation Institute

The Memorial Rehabilitation Institute includes a beautiful, 89-bed acute inpatient rehabilitation unit which averages more than 2,300 admissions per year. The inpatient program is situated within an acute hospital, allowing our patients access to critical care services and emergency treatment should the need arise. The multidisciplinary team approach is progressive, using some of the latest in advanced technologies within a modern yet homelike environment. Our rehabilitation unit, recognized as a premier provider of rehabilitative care, addresses the physical, cognitive, emotional, social and psychological needs of our patients to help maximize their efforts to regain independence. The Memorial Rehabilitation Institute also offers three outpatient centers throughout the county to accommodate the community.

About Memorial Healthcare System

Memorial Healthcare System is one of the largest public healthcare systems in the United States. A national leader in quality care and patient satisfaction, Memorial has ranked 11 times since 2008 on nationally recognized lists of great places to work. Memorial's work environment has been rated by employees and physicians alike as an open-door, inclusive culture that is committed to safety, transparency and, above all, outstanding service to patients and families.

About South Florida

South Florida offers a dynamic urban/suburban lifestyle with an abundance of cultural and recreational amenities, miles of beautiful beaches, top-rated golf courses, zoos and wildlife refuges, a vibrant arts community, museums and world-class dining. South Florida's high quality of life – including year-round summer weather, exciting multiculturalism and no state income tax – attracts new residents from all over the country and around the world.

Pediatric Physiatrist/Pediatric Rehabilitation Medicine Physician

Phoenix Children's is seeking a talented, energetic, compassionate and collegial Pediatric Physiatrist/Pediatric Rehabilitation Medicine physician to join the Division of Physical Medicine and Rehabilitation (PM&R). The Division of PM&R, a key division within Barrow Neurological Institute at Phoenix Children's, is comprised of an expert team of three fellowship-trained pediatric PM&R physicians and two nurse practitioners who provide comprehensive, multidisciplinary care, allowing children to achieve their optimal level of independence.

The ideal candidates will have a broad base of clinical knowledge and strong interest in program development, specifically growth of inpatient and outpatient programs as Phoenix Children's continues to expand services and capability.

Clinical work includes the inpatient rehabilitation unit, the inpatient PM&R consult service, outpatient physiatry clinic and other multidisciplinary clinics. The Division is actively involved in injection therapy management for spasticity and dystonia in a variety of settings as well as multidisciplinary surgical management including SDR/ITB/DBS. Opportunities available for clinical expansion in EMG/NCV. Educational/teaching involvement with the Honor Health PM&R residency program in Phoenix as well as pediatric, neurology, and palliative care training programs.

Highlights of PM&R Division

1. The only dedicated acute pediatric and adolescent inpatient rehabilitation program and the only fellowship trained pediatric PM&R staff in the state of Arizona and in the contiguous regions.
2. 12 bed CARF accredited inpatient unit with private rooms, ventilator capability, and contiguous therapy gym and private therapy treatment room spaces
3. Up to date rehab technology and experienced inpatient and outpatient pediatric therapists
4. Onsite school program, psychology, neuropsychology, pet and music therapy support services
5. Gait lab
6. Strong interdisciplinary environment
7. Opportunities for pediatric and PM&R resident education, medical student and fellow rotations
8. Ability to seek faculty status at University of Arizona, Arizona State, Mayo Clinic, and Creighton
9. Clinical research opportunities and institutional research support
10. Part of Barrow Neurological Institute at Phoenix Children's and a member of the Phoenix Children's Medical Group
11. Administrative opportunities for the neuroscience institute, hospital level, and University of Arizona College of Medicine committee membership as well as opportunities for leadership within the Division, the PM&R residency program, and the Phoenix Children's Medical Staff

Candidates interested in applying for this position should send resumes to **David Blaha** at dblaha@phoenixchildrens.com or 602-933-1107

PM&R OPPORTUNITIES IN NORTH CENTRAL FLORIDA

Join the largest independent multi-specialty healthcare system in the region.

- Enjoy outdoor activities year-round
- Nearby rivers, lakes and oceans for in-water, on-water activities, or just enjoying the scenery
- Plenty of spectator sport event options including NFL, MLB, NBA, NHL, and collegiate
- Excellent public and private school options for elementary through college
- Comfortable family environments – not a big city and not too rural
- Physician owned and governed group focusing on the delicate balance between home and work
- Dedicated to providing valued care to our patients, their support system, and our communities.
