14. Please describe the extent of your expertise on the topic(s) you have selected:

I currently serve as the medical director for the inpatient rehabilitation unit at the VA hospital in San Juan. My colleague, Dr. Eduardo Nadal, is the medical director of the Spinal Cord Injury Unit at the same hospital. We serve largely a geriatric population and both Syringomyelia and Compression Fractures of the Spine are diagnoses we often treat. Additionally, I have a personal experience treating Syringomyelia as my mother was diagnosed with a Cervical Ependymoma resulting in Syringomyelia in 2020. Then, I had the privilege of assisting in her diagnosis and treatment and naturally felt compelled to read the latest literature on this diagnosis.
