I am an associate professor at UT Southwestern and have been practicing in a multidisciplinary spine practice for 15 years. I am also the fellowship director of our interventional spine & musculoskeletal medicine fellowship and am involved in educating fellows, residents, and medical students on the many aspects of non-operative spine care.

I also gave a national grand rounds presentation for North American Spine Society on the topic of "Diagnosis of Facet-mediated Spine Pain"

I would be comfortable and pleased to provide a refresher on various spine-related topics including vertebral compression fractures and facet-mediated pain.
